Dental Implants Training Program

5 Days and 4 Nights

This implant training program is designed for dentists of all specialties who have limited or no experience with dental implants. Through lectures, demonstrations, and hands-on content, doctors will learn the theoretical basics and practical procedures for an uncomplicated, single implant placement and restoration. Hands on exercises will be performed on type-2-bone density maxillary models. Included in this program are New York City accommodations and tours by bus and helicopter.

CEUs: 16
Fee: \$3,100.00

For information and registration please contact Iris Bunim, Program Coordinator
Toll Free: 877-369-8620 / Fax: 201-797-9145 / E-mail: ibunim@ditcusa.com

Learning and Leisure in New York City

Course Hours: 9:30AM - 5:30PM

CEUs: 16

Fee: \$3,100.00

**Five day program including Basic Course
and NYC hotel accommodations and tour.**

* Registration price includes tour and hotel accommodations, course materials, tools and supplies, continental breakfast and lunch.

Upon successful completion of the course, participants will be able to: Select and place the optimal implant type for the surgical site, select the correct prosthetic components for implant restoration, and take impressions for single-tooth prosthesis

Day 1 - Pick-up at the airport (DITC arranged transportation) and arrival at the hotel (NYC). Settle down and relax in your hotel.

Day 2 - Course session 1

Lecture Part I - Dental Implant Surgery and Restoration

- Intro to dental implants and definitions
- Anatomy of dental implants
- Patient and case evaluation
- Anatomic considerations

Lecture Part II and Hands-on Training

- Study guides
- Surgical guides
- Bone physiology
- Osseointegration
- Protocol on placement of implants
- Hands-on model activities including osteotomy preparation and implant placement
- Exercise evaluation and conclusions

Educational courses are supported through an unrestricted educational grant from MIS Implants Technologies.

This program is given in joint sponsorship with DentiSpace, an ADA CERP recognized provider.

Day 3 - Course session 2

Part I: Lectures, Demonstrations, and Hands-on Workshops

- Treatment planning
- Protocol on dental implant impressions
- Hands-on model activities including: Choosing a dental implant, Dental implant placement, and Occlusal considerations

Lecture Part II: Hands-on Exercises

- Hands-on designing the cemented prostheses: Impression techniques and abutment types and selection
- Exercise evaluation and conclusions

Day 4 NYC Double Decker Bus and Helicopter Tour

Experience NYC from the convenience of a double decker bus. From Times Square to the Empire State Building, to the World Trade Center site and South Street Seaport, plus everything in between. Furthermore, enjoy a helicopter flight over Manhattan and the Statue of Liberty.

Day 5 - Check out of your hotel by 12:00pm. We will provide your transportation to the airport. We hope you enjoyed and learned during your stay in New York. We wish you a great flight home!

Instructor: Berry Stahl, DMD

Dr. Berry Stahl is Assistant Professor at Mount Sinai School of Medicine, New York, NY and Assistant Attending at St. Barnabas Hospital, Bronx, NY. He is also Chief of the Resident Implant Program at St. Barnabas Hospital.

- Accommodation rates are based on \$350 a night single occupancy. Room rates may increase due to seasonal rate fluctuation.
- Hotel accommodations include but are not limited to: Marakesh Hotel, Belle Claire Hotel, Washington Jefferson, The Iroquois, Hotel Chandler, Days Hotel Broadway, or The Alonquin.

Cancellation and Refund Policy

To cancel your registration please notify the Dental Implant Training Center immediately and you will be issued a refund. Cancellations made less than 21 business days prior to course start date will be subject to a \$1,000.00 cancellation fee. Please allow four to six weeks for refunds. "No shows" will not qualify for a refund.
